Dear Community Partners,

We have been monitoring the local and state-wide news very closely and we are aware that many organizations in our county are moving to cancel large group events as a precautionary measure given current health concerns.

The safety and well-being of the families we serve, and our partners is paramount. Therefore, we have decided to cancel the Moonshot Symposium: What's Good for Babies is Good for Business scheduled for April 14<sup>th</sup>, 2020. If you registered for the event through Eventbrite, you will be receiving a notification for full reimbursement.

We will be posting information in the coming weeks about other opportunities to engage the business and local community in our collective early literacy efforts.

In the meantime, we encourage you to attend the next MCAN (Moonshot Community Action Network) meeting scheduled for Wednesday, March 25<sup>th</sup> at 8:30 a.m. in the School District of Indian River County's Administrative Office to actively engage in our local work on behalf of all children in our community.

We thank you for your continued support and understanding.

Respectfully,

Dr. Nivea L. Torres
