Dear Indian River County Families and Community Partners,

We have been monitoring the local and state-wide news very closely and we are aware that many organizations in our county are moving to cancel large group events as a precautionary measure given current health concerns.

The safety and well-being of the families we serve is paramount. Therefore, we have decided to cancel this year's Pre-K Party and Kindergarten Round-Up scheduled for Saturday, April 4th, 2020.

We will be posting information in the coming weeks about smaller roundups in the county that will give families the opportunity to register children for VPK, Kindergarten, and related programming for the upcoming summer and school year.

We encourage local providers and partners to reach out to us to discuss ways in which we can deliver this message in a smaller and more personalized manner.

We thank you for your continued support and understanding.

Respectfully,

Dr. Nivea L. Torres
